ANNEXURE – I

SCOPE OF WORK

The agency shall carry out a detailed topographic survey for the proposed Payyoli Kottakkal ROB (LC 211) and prepare survey drawings based on field measurements. The survey shall be carried out using Total Station/GPS equipment and all drawings shall be submitted in Geo-referenced AutoCAD format.

The scope of work shall include, but not be limited to, the following:

1. Detailed topographic survey of the proposed ROB location covering a minimum width of 20 m on either side of the proposed centre line or as directed by the Engineer.
2. Establishment of permanent benchmarks and furnishing benchmark details, coordinates and levels.
3. Existing road details including:
 - a) Road name and classification.
 - b) Carriageway width.
 - c) Junctions/intersections.
 - d) Road edge coordinates and levels.
4. Spot levels at 10 m grid intervals or as directed by the Engineer.
5. Longitudinal levels along the existing road centre line at 10 m intervals.
6. Railway details including:
 - a) Railway centre line.
 - b) Rail Top Level (RTL).
 - c) Number of tracks.
 - d) Railway boundary.
 - e) Railway platform and ramps, if any.
 - f) Railway electric traction poles with identification numbers.
 - g) Level crossing details and chainage.
7. Details of existing structures, if any, such as:
 - a) Bridges.
 - b) Culverts.
 - c) Causeways.
 - d) Flyovers/Underpasses.
 - e) ROB/RUB.
 - f) Retaining walls.
 - g) Compound walls/fencing and gates.
8. Building details including type/classification and name wherever available.
9. Details of visible utilities above ground including:
 - a) Electricity transmission towers and poles.
 - b) Telephone poles/cables.

- c) Water supply lines, valves and taps.
 - d) Wells, tube wells and tanks.
 - e) Utility chambers and other service infrastructure, etc.
10. Existing drains, canals, streams, water bodies and other drainage features with levels wherever applicable.
11. Existing trees and other permanent features within the survey limits.
12. Submission of:
- a) Geo-referenced AutoCAD drawings (.dwg).
 - b) PDF drawings.
 - c) Soft copy of survey coordinates and level data in Excel format.
 - d) One hard copy set of approved drawings in A2 size.
13. The survey limits and alignment shall be finalized in consultation with RBDCK prior to commencement of the work.
14. Individuals/Firms having experience in carrying out topographic surveys for road, bridge, ROB/RUB or similar infrastructure projects may participate. The bidder shall furnish details of experience and proof of identity along with the quotation.
15. The survey shall be completed and all deliverables submitted within 15 days from the date of issue of work order, unless otherwise directed by RBDCK.
16. The quoted rate shall be inclusive of all costs towards manpower, instruments, transportation, data processing, drafting, software, printing, labour charges and all incidental expenses required for completion of the work.
17. The quantity indicated in Annexure-II is approximate and is provided only for the purpose of comparison of quotations. Payment shall be regulated on a pro-rata basis based on the actual area surveyed and accepted by RBDCK, derived from the amount quoted by the bidder against the approximate quantity indicated in Annexure-II.
18. Any correction, modification or resubmission required due to omissions, inaccuracies or survey errors attributable to the agency shall be carried out at no additional cost to RBDCK.
19. Payment shall be released only after satisfactory completion of the survey work and acceptance of the deliverables by RBDCK.
20. The quoted rate shall be exclusive of GST. GST, as applicable, shall be paid extra.
21. The safety of personnel engaged for the survey work and compliance with all applicable statutory requirements shall be the sole responsibility of the agency.
22. RBDCK reserves the right to accept or reject any quotation without assigning any reason and is not bound to accept the lowest quotation.
